Over 175 MPD Officers & Shelby County Sheriff's Officers, INDICTED, SUSPENDED, FIRED AND/OR FOUND GUILTY since 2002. This is exactly why we need stronger civilian oversight of our police.

"If this was just a question of bad apples and not a systemic problem, you would have run out of cops to indict by now"

I think Mr. Gardner has clearly demonstrated his disdain for law enforcement. I think this will send a very negative message that will adversely impact on not only MPD but Memphis and public safety as well.
